

Economic Brief

State Representative Donna Oberlander

November 2015

Pennsylvania Brings in \$2.13 Billion in Revenue Collections

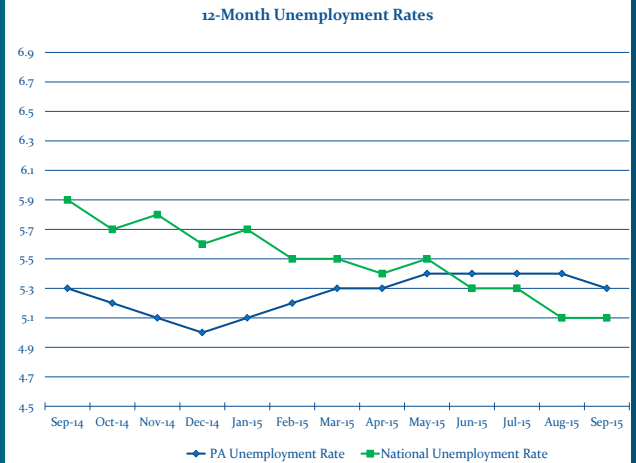

Without an enacted budget the Governor has not signed an official revenue estimate for fiscal year 2015-16 and, therefore, the Department of Revenue has not produced a monthly distribution of the official estimate. As a result, this economic brief compares monthly revenue collections to the prior year collections. General Fund revenue collections for the month of October were \$2.13 billion. Tax revenue collections declined by 4.6% as compared to October 2014. This was mainly a result of there being one less Wednesday collection day in October.

The Commonwealth collected \$161 million in Corporate Taxes which is an increase of 17% compared to October 2014. Pennsylvania collected \$864 million in Sales Taxes, which is a growth of 5.5%, and \$834 Million in Personal Income Taxes which is a decline of 10%.

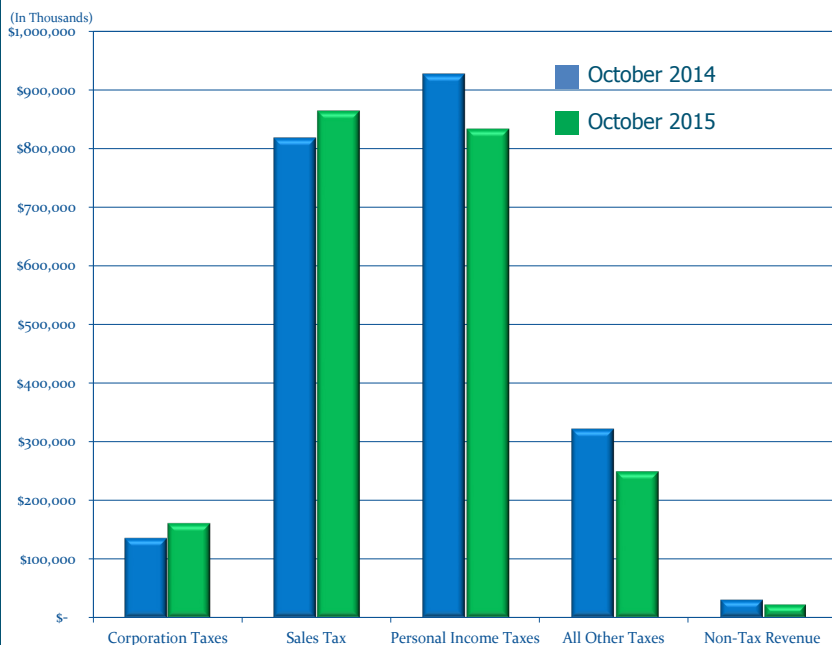

Year-to-date revenue collections for FY 2015-16 are \$8.87 billion. Year-to date revenue collections have grown by 0.1% as compared to FY 2014-15.
